

Following are a few pointers on how to interpret your statement:

- All itemized college charges are listed. Institutional aid (i.e. scholarships and grants) is posted directly to the student account, if a signed award letter is on file.
- Pending financial aid, as noted on your statement, has been deducted. See sample statement below.

Types of financial aid and explanations:

- **Endowed scholarships** - These scholarships will be applied to the account after the Office of Donor Relations has received the appropriate acknowledgement.
New York State aid - (TAP, Leaders of Tomorrow Scholarship, Award for Academic Excellence etc.) are actually posted to the account approximately six (6) weeks into the semester after all eligibility requirements are verified.
Federal grant money - (i.e. PELL, SEOG) is actually posted to the account after the semester begins and enrollment is certified.
The Federal Perkins Loan – This loan is disbursed once the student has met with the Student Loan Coordinator and signed the required promissory note. Students will be contacted by the coordinator shortly after classes begin in September.
Federal Subsidized and Unsubsidized Stafford Loans – Stafford loans are disbursed, if all financial aid requirements have been met, after the semester begins and applied directly to student accounts
Outside Scholarships- If the student has been awarded an outside scholarship (i.e. Kiwanis, Elks, high school award) and documentation has been provided, a deduction of the scholarship amount is allowable. This pertains only to scholarships intended to be applied to a student's account. Please feel free to contact the Office of Financial Aid at 518-244-4525 (Troy) or 518-292-1783 (Albany), should you need guidance or clarification.
- Work Study amounts may not be deducted against the balance due. Monies for this award are earned through on-campus employment and are paid directly to the student.
