

Articulation Agreement between Niagara County Community College, A.S. Physical Education and Sage College of Albany, Physical Education, B.S.

Objective

This articulation agreement is intended to facilitate the transfer of qualified students currently enrolled at Niagara County Community College in the A.S. Physical Education program into the B.S. Physical Education program at the Sage College of Albany. Counselors at Niagara County C.C. can use the information in this agreement to advise current students as they express an interest in the Physical Education program as to which Niagara County C.C. courses should be taken prior to application for transfer.

Terms of Agreement

This articulation agreement, once signed will be effective immediately and must be reviewed and re-approved in the same manner at least once every two years hereafter, in order to remain in effect.

The procedure of review and re-approval shall be as follows:

1. The latest available catalogs of the two institutions are reviewed by the SCA Physical Education Program Co-ordinator and the revised draft is prepared by the SCA Program Co-ordinator. A final draft is signed by the department chairs of both institutions and by the appropriate administrator of both institutions.

All of the most- recently published rules for accepting transfer students into programs at SCA apply. The agreement supplements, but does not supercede or replace what was written in the latest SCA catalog.

SCA agrees to accept and transfer into the B.S. program up to 60 credit hours earned by the student at Niagara County C. C. who takes the courses listed below. Only courses of earned grades of C- or better will transfer, and students who attain a combined Grade Point Average (GPA) of a 2.75 in courses will automatically be admitted into the SCA Physical Education program.

This agreement covers courses taken at Niagara County C. C. only. If students from Niagara County C. C. have credits on their transcripts from other institutions, the published SCA rules for accepting transferred credit will apply to those credits.

If students from Niagara County C. C. wish to transfer without having completed all of the courses in this agreement, they are assured that the identified equivalent courses with C- or better will transfer, but, outright admission into the program will not be guaranteed. If admitted, junior status at SCA will be attained if 54 or more of the credits are transferred. All transfer students must meet with a Physical Education Advisor to plan their courses and to determine how many semesters are required for degree completion.
