Courses may transfer in as a Sage equivalent course (FRE 202), as a specific department's elective (HIS-ELCT), or as general elective credit.

Only credits transfer, not grades.

- Note that you may access your transfer equivalency report at any time online via SageAdvisor, so if you are looking to find out if we have received/evaluated your transcripts, you should start by checking here. If you are not able to access this information, please contact the advising office at RSCadvising@sage.edu.
- Also, please keep in mind that we can only evaluate transfer credit from official, sealed transcripts from the original institution. Even if you completed a college course through your high school, you will need an official transcript from the college or university that granted the credit.
