

## THE LOUIS & HORTENSE RUBIN COMMUNITY FELLOWS PROGRAM

Dear Community Leader;

The Louis and Hortense Rubin Community Fellows Program is pleased to announce that applications are now being accepted to support non-profit organizations and government agencies in Rensselaer County that partner with local educational institutions. Applicants are invited to submit grant proposals for an amount up to \$35,000, though applications for lesser amounts are also welcome.

Since 1990, the Rubin Community Fellows Program, under the administration of The Sage Colleges, has been instrumental in supporting community-based activities by awarding grants to groups such as:

- Children's Museum of Science and Technology
- Troy Public Library
- Frear Park Conservancy
- Literacy Volunteers of Rensselaer County
- Soldier's Heart
- DeFreestville Fire Department
- Troy Waterfront Farmers Market Initiative
- Downtown Troy BID

Preliminary Concept Applications and Project Outlines are due **February 1**, and applications can be found through the Sage Colleges website at:

[www.sage.edu/rubin](http://www.sage.edu/rubin)

In addition to the application, the website offers a list of project awards since 1990, as well as the timeline for project applications through the awarding this spring.

The Rubin Community Fellows Program looks forward to another exciting year of community grant awards and encourages non-profit organizations and government agencies to download an application from The Sage Colleges website and consider applying today.

For additional information, please contact Rubin Fellows Program Administrator Fred Alm at [rubinfellowship@sage.edu](mailto:rubinfellowship@sage.edu).
