

Gainful Employment Disclosures – 2019

(Information reported is based on students that completed the program during the 2017-18 academic year, who borrowed federal student loans)

Program Name Post-Masters Certificate Psychiatric Mental Health Nurse Practitioner

This program is designed to be completed in 60 weeks

This program will cost \$22,560 if completed within normal time. The amount includes estimates for books, supplies and equipment. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with N/A* of debt.

*Fewer than 10 students completed this program within the normal timeframe, during the 2017-18 academic year. Therefore, this number has been withheld to preserve the confidentiality of the students. Prospective students should speak with the Nursing department if they have questions about the size of classes or the number of students that enroll in the program each academic year.

This program meets licensure requirements in New York State. The program may also meet other state licensure requirements or the ability to sit for certification exams. Students should work with The Sage Colleges nursing department to determine the specific state requirements if they wish to work outside of New York State. Information about licensure requirements for New York State can be found here: <http://www.op.nysed.gov/prof/nurse>. Additional information about The Sage Colleges admission and licensure information is available here: <https://www.sage.edu/academics/programs-degrees/health-sciences/nursing/>
