

Articulation Agreement

Hudson Valley Community College,

Physical Education Studies, A.A

&

Russell Sage College, Esteves' School of Education,

Physical Education, B.S.

Objective

This articulation agreement is intended to facilitate the transfer of qualified students currently enrolled in the A.A. Physical Education Studies program at Hudson Valley Community College into the B.S. Physical Education program at Russell Sage College.

Counselors at Hudson Valley Community College can use the information in this agreement to advise current and future students as they express an interest in the PE program as to which HVCC courses should be taken prior to application for transfer.

Terms of Agreement

This articulation agreement, once signed, will be in effect immediately, (March 11, 2021), and must be reviewed and re-approved in the same manner at least once every five years, here after in order to remain in effect (by June 1, 2026).

The procedures of review and re-approval shall be as follows:

- RSC PE Program Director reviews the latest available catalogs of the two institutions and the RSC PE Program Director prepares the revised draft.
- A final draft is signed by the department chairs of both institutions and by the appropriate administrator at both institutions.

All of the most-recently published rules for accepting transfer students into programs of RSC apply. This agreement supplements, but does not supersede or replace, what was written in the most current RSC catalog.

Russell Sage College, RSC, agrees to accept and transfer into the B.S. program up to 66 credit hours by the student at HVCC, who takes the courses listed below. Only courses of earned grades of C- or better will transfer, and the students who attain a combined Grade Point Average (GPA) of 2.75 in courses will automatically be admitted into the RSC program. This agreement covers courses taken at Hudson Valley Community College, only. If students from HVCC have credits on their transcripts from other institutions, the published RSC rules for accepting transfer credit will apply to those credits. If students from HVCC wish to transfer without having completed all of the courses in this agreement, they are assured that the identified equivalent courses with a grade of C- or better will transfer, but outright admission into the program will not be guaranteed. If admitted, junior status at RSC will be attained, if 54 or more of the credits are transferred. All transfer students must meet with a PE advisor to plan their courses and to determine how many semesters are required for degree completion.

HVCC Students interested in transferring to Russell Sage College should contact Transfer Admissions at Russell Sage College to receive advising on the transfer process as soon as possible during their time at the community college. Keeping an open line of communication is important throughout the process to make the most of the student's time at the community college.

Transfer students who meet institutional requirements, but not Departmental, can be accepted into the College, and be placed in Academic Exploration. They may take first year PED and EDU courses, but will need to be admitted in the PED program to take more advanced PED courses. The program coordinator may grant approval to take higher-level courses at their discretion. Academic Exploration is limited to 12 credit hours and a student must have a minimum of a 3.0 overall GPA to be admitted to the PE program.

*American Sign Language is recommended for Foreign Language

**For a complete list of recommended courses, please reference the program of study for HVCC/Sage transfer.

#Fieldwork should be part of the course requirements but is built into course at Sage.

The Sage Colleges recommends the following courses be completed at HVCC:
