

OTD Program Admission Essay:

Please reflect on your motivation for pursuing an education and career in occupational therapy and in particular, your reasons for applying for the entry level OTD program. The entry level doctorate provides an in-depth exposure to the areas of clinical practice, research, advocacy, administration, leadership, program and policy development, education, or theory development. Please select one to two focus areas that you wish to learn more about or develop through your doctoral capstone work. Please develop a brief essay that discusses your motivation for enrolling in the OTD program and includes at least one to two in depth areas you wish to develop in further.
