

## **Student Marital Status & Tax Return Filing Status**

Dear Student,

The results of your 2023-2024 FAFSA indicate that the marital status you reported does not match the tax return filing status that was reported.

If one of these items is incorrect, you will need to make a correction to your FAFSA. Log back into your FAFSA ([www.studentaid.gov](http://www.studentaid.gov)) and update question #16 for your marital status or question #34 for your tax return filing status.

If you believe these items are correct, please contact our office in Albany at (518) 292-1783 or in Troy at (518) 244-4525 to resolve this issue.

Sincerely,

The Financial Aid Office
