RAVE GUARDIAN MOBILE APP | Sage's Campus Safety Technology Tool

Use/Click this QR Code to access more information

Russell Sage College has launched the use of the Rave Guardian Mobile App beginning in August 2022 for **all** students, faculty and staff. It replaces the POM device and is a stand alone mobile safety tool that allows easy access to campus and emergency resources with one click. Anyone with a Sage email address can download the app and begin using it.

Get Started Today

Many institutions use the Rave Guardian app to promote campus safety. Resources are just one click away with the app, which is available for free download. Access additional details online.

Check out this YouTube video from another university that shows how easy it is to download and sign into the app. [NOTE: This sample video is for reference only. Reach out to Public Safety or the Student Life office at Russell Sage College with any questions about how to use Rave at Sage.]

Download on the App Store

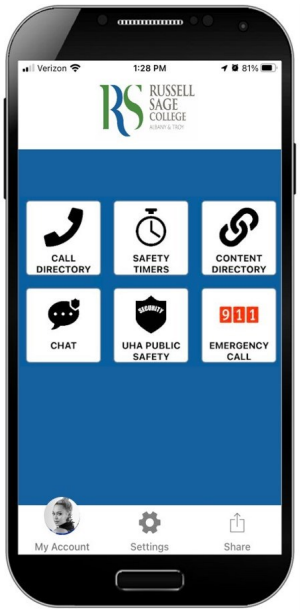

GET IT ON Google Play

Download the App with Just 5 Easy Steps:

1. Search "Rave Guardian" in your smartphone's App Store.
2. Open the app & ensure your region is set to U.S. Then, enter your mobile number and a verification code will be sent to you.
3. Enter your Sage Email and a second verification will be sent there.
4. Confirm your personal information.
5. Then, the app will ask you to enable your location services. The app works best with location services as always on, but this is up to your preference.

Access All of the Useful Features

- Call Public Safety Dispatch | One-click call to UHA Public Safety for emergency needs with the option to share location
- Text Public Safety Dispatch | Two-way communication with optional anonymous mode in place of an audible phone call
- Safety Timer | Virtual campus safety escort allows you to share your location with members of your *safety circle* from your phone's contacts
- Call Directory | Links to important phone numbers & crisis lines
- Content Directory | Links to important campus resources, shuttle schedule, campus maps, Sage's portal, CARE reporting form, etc.
- Emergency Call | One-click emergency dial to 9-1-1
